Start New War Fund Drive Apr. 12

The world's greatest financial enterprise—Uncle Sam's Second War Fund drive, starts, Monday, with a goal of \$13,000,000,000 in War Bonds to be subscribed within the month.

Daly City's part in the campaign will be handled by John Degliantoni, who also had charge of the recent Red Cross War Fund campaign. Degliantoni will be assisted in the Bond drive by the following members of the committee: John J. Fahey sr., A. E. Pulley, Louis Nava, and Paul Delucchi.

The committee will meet with F. Erickson, manager of the Daly City branch of Bank of America, this week, to make final plans for the opening of the drive. Full details will be announced, next week.

NO BORROWING

Institutional and industrial consumers under the OPA food rationing program were warned, today, that the "borrowing of points," from the next period to be used during the present period, is strictly prohibited, by the local War Price and Rationing Board.

More Than Twenty Band Members In Services

More than twenty members of the Daly City band are now in the armed forces of the United States, according to an announcement, today, by Bandmaster George E. Brenner. The lads who've gone off to war are Tipton Banks, Day Del-Bucchia, Jack Fernbach, Al Winter, George Monti, George Allen, James Bossee, Frank Tringali, A. Johns, Robert Johns, Harry Wendell, Alfonso Bernal, William Tassi, Charles Gleisner, Charles Robbins, Bill Gfroerer, Al Rodriguez, Ray Kerner, Adolph Seifert, Johnny Griff, Teddy Mather, Fred Waterman, and Earnest Anderson.

In spite of adding a number of new players to the organization, additional members are still needed to bring the band to full strength, Brenner said. He asked any local musician who would like to join the group to attend a rehearsal, held every Tuesday night, 8 p. m. at the No. 5 firehouse, Oliver street and Bellevue avenue.

Brenner reports that many letters have been received from the boys in the services expressing their wish that the band carry on in their absence and that their places will open upon their return to civilian life.

New players with the group include Dick O'Massey, Henry Sass, Cliff Partidge, Bob Blazer, Russell Perkins, Al Liven, Herbert Person, Fred Anderson, Winston Silva, Frank Garcia, and Nick Ernsner.

Chief Air Raid Warden Harry Melicker Discusses Test With Senior Leaders

Main topic of discussion at Friday night's meeting of Daly City senior air raid wardens was the city-wide drill to be held, tomorrow night, and its relation to the wardens. Harry Melicker, chief air raid warden, advised his wardens that after the drill is concluded they should report to Jefferson Union high school where comments and criticism of the state and army observation crew will be heard.

Wardens were asked to be ready to give first aid treatment to "casualties" (high school boys and girls) where necessary in the incidents.

All wardens were told to carry

Announcement of the classes came from Mrs. R. L. Crane jr., Red Cross home nursing chairman for this area. She invited all local women interested to take advantage of this course.

Classes will be held every Thursday morning, 9:30 a. m. to 11:30 a. m. at Theatre hall, above the Daly City theatre, under the auspices of the Red Cross. The course takes 11 weeks to complete.

San Franciscans Face Judge Friday Dimout Violation Leads To Men's Arrest

Charges of drunken driving will be leveled against Ralph J. Sobey, San Francisco, tomorrow afternoon at 2 p. m. before Judge William J. Sweeney in Daly City Police court.

Sobey was arrested, near Mission street and San Pedro road, Saturday night, by Daly City police after being stopped by Auxiliary Police Officer A. Arata on a traffic dimout violation. Arata testified later to police that when he signalled Sobey to stop, the car nearly ran over him. Sobey's car was going south on Mission street with bright lights on and had just turned into San Pedro road when Arata signalled him to stop.

Cecil Parks, San Francisco, a passenger in Sobey's machine, was also intoxicated, according to police. He was taken to police headquarters with Sobey.

Both men were freed, Sunday morning, on payment of bails. Sobey paid \$50 bail to appear tomorrow, while Parks was released on payment of \$5 bail, also to appear tomorrow.

Tragic War News Strikes Local Home

Tragic war news once again struck a Daly City home, last week, as Lieutenant Raymond E. Kennedy, young Daly City flier with the Army Air Corps, was reported killed in an accident at a Pacific air base, Sunday, March 28.

Mrs. Evelyn Kennedy, wife of the flier, received word of the death of her husband through a telegram from the War depart-

KENNEDY

ment, last week. No particulars were given in the terse statement, only that Kennedy was killed and that full particulars would follow later. Mrs. Kennedy received the news at the home of her parents, Mr. and Mrs. Pete Ciomoli, 818 Brunswick street.

Kennedy's death wrote an end to a brief career with the air forces as a pursuit pilot, as he had just received his commission, last month, before being transferred. (Continued on Page 2)

Price Makes Appeal For Seabee Equipment

John H. Price, former director of Colma's Civilian Defense council, home on a furlough, last week, from duty with the U. S. Navy's Seabees, issued an appeal for equipment for the boys of Naval Construction Special Base Unit, No. 501.

He explained that donations of musical instruments, popular sheet music and phonograph records, and sporting equipment of all types, will be very welcome as the men may be spending some mighty lonely hours soon.

Local residents who have any recreational facilities to donate to the Seabee group may do so by shipping it to Chief Petty Officer Arthur Brady, director of recreation, Special Base Unit 501, Port Hueneme, California. Price pointed out that donations should be made just as soon as possible as the group may not be at that address long.

Price is a carpenter's mate first class. He took his training at Camp Peary, Virginia.

Curtain Rises Sunday On Summer Season Of Baseball At Marchbank Field Diamond

Semi-pro baseballers will raise the curtain on the summer season at Marchbank park, Sunday at 2 p. m., when the Daly City Farralone Packers cross bats with the Moffett Mantecas.

Local fans will witness what promises to be a fast game, with Manager Charlie Norry's Daly City team in good shape. The Moffett boys boast a strong lineup, and are likely to offer plenty of competition.

A Class AA league has been formed by Al Erle, baseball book-er for the San Francisco Recreation department. The semi-pro circuit, which includes seven teams from closely located towns on the Peninsula, is expected to

Inspection Team Will Supervise All Local Services

Bodien Says All Sections To Participate

All the effects of a Jap air attack will be dramatized in Daly City, tomorrow night, with about two hundred civilian defense volunteers of this city participating in an official OCD air raid drill before an inspection team composed of federal and state defense officials and ranking officers of the United States Army.

Arthur J. Bodien, director of Daly City's Civilian Defense Council, announced that the first incidents of the test will begin promptly at 7:30 p. m., tomorrow night, April 9. He pronounced all personnel and service equipment ready for the drill, which will be the second official air raid drill for Daly City under supervision of the authorized OCD inspection team.

"All the equipment we have will roll tomorrow night," Bodien said, "and it will involve all sections of the city. Ten pieces of fire-fighting equipment will be dispatched, besides ambulances, first aid squads, and volunteers in all branches."

Twenty officers from Camp Daly City, local army headquarters, will also be present to inspect the drill, according to Bodien.

The drill will involve incidents of every kind that may actually happen in case of a real bombing, according to Albert H. Baker, field director for the state council of defense, who will supervise the drill here. Accompanied by thirteen other members of the inspection team, Baker will arrive in Daly City, tomorrow at 2 p. m. when a "complete checkup of services" will be made.

"We plan to go over personnel records at civilian defense headquarters, and check on all services which have been organized and functioning in Daly City," Baker declared in describing procedure.

Incidents planned by the inspection team will be set up in the afternoon in different parts of the city. These incidents, according to Baker, include every type of aerial warfare from poison gas to incendiaries. Some of the incidents are likely to be un-exploded bombs. Besides the inspection team's incidents, the local defense council will have fifteen incidents for local volunteers. These are being planned by R. L. Crane jr., first aid chief and director of training, and Harry Melicker, chief air raid warden.

Although final plans had not yet been completed, early this week, Bodien announced that efforts were being made to use boys from Jefferson Union high school as "casualties" to be "treated" by (Continued on Page 11)

no hit-no run game, Jefferson Union high school's varsity nine triumphed over Lick-Wilmerding high, 4-0, in a non-league contest at Jefferson field, Monday.

While the two Jefferson hurlers were setting up the perfect game for the Indians, the Jeffs pounded out nine base hits, scoring runs in the second, third and fifth innings to win. Bill Freeman started the game, allowing only two men to reach base via a walk and an error, and struck out five men in the first four innings.

When the Indians took the field in the fifth, Coach Glenn South decided to replace Freeman with Arthurs in order to save Freeman for Half Moon Bay on Friday. Arthurs continued the job that Freeman started, and went on to strike out six batters and allowed only one man to get to first base. Arthurs and Shortstop Matt Borg led the Jefferson hitting with two hits apiece.

Coach John Harville's Frosh-Soph team opened their league play with a win over St. Ignatius high at Jefferson field, Friday. Sidney Pate, newest addition to the Frosh-Soph team, turned in a good pitching performance, striking out thirteen batters. They continued their winning streak, Monday, by defeating South San Francisco high, 7-1.

red to overseas duty. Kennedy piloted the army's speedy P-39 model during part of his training at Mills field, California.

His death as a flier was the second in a short period for Daly City pilots, having been preceded by that of Lieutenant Robert N. McCune, 81 Peoria street, who, incidentally grew up with Kennedy in Daly City. McCune was killed in Europe while on a bombing mission over Germany.

The Army lost a promising young pilot in Kennedy, who set up a fine scholastic record during his cadet days at Santa Ana and later at the air base at Phoenix, Arizona, besides showing skill in piloting the pursuit ships in advanced training. In his first month as a cadet, Kennedy had a 98 per cent average for eighteen courses at Santa Ana.

He began his training in May, 1942, at the Santa Ana air base. First honors came to him when he was selected as leader of his squadron. On completion of basic school, Kennedy was sent to Luke field, Arizona, where he was commissioned the latter part of last month.

Kennedy was educated at Jefferson Union high school, having lived in Daly City all his life. After finishing high school, he worked at Stockton Lumber yard. He resided at the Kennedy home, 6893 Mission street.

He was married only a short time before his cadet appointment was made.

At-the-table-meals

that require NO Food Coupons

Come out of the kitchen. Cook at the table with appliances that you may have neglected of late. Use your waffle iron or sandwich grill instead of your frying pan now that meat is a shopping problem. Why not serve cinnamon waffles, orange waffles, lemon waffles or waffles topped with home made strawberry jam? Sounds yummy, doesn't it? Use your sandwich grill or hot plate to make golden-brown French toast or fried milk toast topped with a sprinkle of sugar or cinnamon.

For helpful hints on care and use of your table appliances see pages 17, 18 and 19 of the P. G. and E. Booklet—"The Lady of the House and Her Mechanical Servants." Your free copy of this 32-page booklet is waiting for you at any office of this company. Come in and ask for it.

Matoaka Council Entertains Servicemen

Matoaka Council No. 18, D. of P., observed St. Patrick's Day, March 17, by entertaining about sixty service men stationed in the Bay area. Daughters and friends of the members acted as hostesses, and dancing until a late hour was enjoyed.

Supper was served at 11 p. m. at gaily decorated tables, after which dancing was resumed.

The March social committee, under the direction of Mary D. Hamilton, entertained the families of the members, March 31. This report was made by Mrs. Olive Hoover, 1040 Brunswick street.

SAVE THAT TIN!

Housewives of Daly City were urged, this week, to continue their collection of tin cans in salvaging for war production, as authorities proclaimed it the "only way to lick the Axis."

"Hitler's strategy of a war of attrition and the submarine menace to Allied shipping in the Atlantic is causing American production needs to become greater all the time, reports the War Production Board, thus making it more necessary to save all the metal we have. Much of the metal produced in the nation today comes from the tin cans from your homes. Save them all, and see that they are flattened and washed before they are collected by school children," said the chairman.

If your tin cans are not picked up each week, address a postcard to the local salvage chairman, R. L. Crane jr., 344 Santa Barbara avenue.

"ARSENIC AND OLD LACE" COMING

"Frightfully funny. A hilarious thriller that raises your hair and then the roof," is the way one New York critic described "Arsenic and Old Lace," the sensational thrill comedy returning to San Francisco for a two weeks' engagement at the Curran theatre, beginning Monday, April 12, with matinees Wednesday and Saturday.

And all the other critics agreed, with the result that Howard Lindsay and Russel Crouse, who produced the show as their first managerial venture, have had to buy cash registers to keep count of their new profits. Their "old" profits have been, and still are being, derived from the phenomenally successful companies of "Life With Father," which they authored.

Joseph Kesselring, a youth not without some theatrical experience, is said to have written the play in a few weeks, and then took a year or more to re-write it under the producers' direction. He had his beloved grandmother in mind when he fashioned the script, a lovely, sainted lady who wouldn't harm a fly; and to discover that her stage counterpart is a wily murderess who isn't satisfied until she has bumped off a dozen innocent men is startling, to put it mildly.

Abby and Martha Brewster are sisters in sin, nice, refined old Victorian ladies who live in an elm-shaded home in Brooklyn, New York. They rent out a room or two to elderly gentlemen who wish for the quiet of a side, shady street, where they can get away from it all. Well, they get away from it all-right, for Abby and Martha cater to them tenderly and sympathetically, one by one. Their idea of strong drink is elderberry wine and they induce their refined roomers to partake

of a glass or so. Ah, but there's the plot! Into this harmless wine they have slyly put a dash or two of—of all things!—arsenic. But why spoil the story? Go and be one of an audience that howls itself red in the face or you'll never understand how a homicidal mania could be so funny.

Boris Karloff, who created the nevertobeforgotten role of Jonathan Brewster, will again be seen in that part, and in his support are all those who created their respective characters, including Josephine Hull, Jean Adair, John Alexander, Clinton Sundberg and Edgar Stehli.

Application for a marriage license was made in San Francisco, last week, by Salvatore Battaglia, 7394 Mission street, and Lena Battaglia, San Francisco.

"TO DIE FREE MEN"

"We will, in defiance of every hazard . . . die free men rather than live as slaves." So spoke Thomas Jefferson in the Declaration of the Causes of Taking Up Arms in 1775. So speaks the voice of the Nation today!

On April 13, we celebrate the 200th anniversary of the birth of this brilliant American, who, at 33 years of age, authored the Declaration of Independence. Later he was to serve as governor of Virginia, as a member of the Continental Congress, and twice as President of the United States. But beyond all this, Thomas Jefferson had the vision to foresee the part America was to play in world history—the measures it must take to survive.

He was a versatile man, a humanitarian, a profound thinker. Because of him, we understand the essential nature, in democracy, of freedom of press, of speech, of religion. He it was who saw the naturalness of a "Bill of Rights" in government, in which "I have a right to nothing which another has a right to take away." He knew the vital nature of free enterprise . . . "Agriculture, manufacture, commerce and navigation, the four pillars of our prosperity, are the most thriving when left free to individual enterprise."

"But," declared Jefferson in 1786, "by far the most important bill in our whole code is that for the diffusion of knowledge among the people. No other sure foundation can be devised for the preservation of freedom and happiness . . . Establish and improve the law for educating the common people," he urged. "Preach a crusade against ignorance."

Let us refresh ourselves at the fountain of his clarity, in these days of trial, for we are engaged in what may well be a last struggle for the survival of democracy. This may be the last opportunity our civilization will have—we dare not lose—we cannot, if we remember what America stands for.

At Jefferson Union High School

Stamp Drive

Jefferson has won the Treasury Flag with 96 per cent of the students buying at least one war stamp for the month of March.

The first campaign staged by the Bonds and Stamps committee was the Jeep rides, at which everybody had a good time. More recently, the inter-class competition for bond and stamp purchases really increased the total of sales and money alike. During the one week a total of \$2,154.40 was collected by the school. March sales totaled \$3,086.75. Total purchased to date is \$9,104.95.

JUNIOR AWVS

The Jr. A. W. V. S. girls have been busy making scrap books for convalescent sailors and soldiers. When these books are completed they will be taken to the San Francisco hospitals and given to our service men. Swabs and bandages are also being made for the Visiting Nurses association in San Francisco.

The girls sold stamp corsages to the students attending the dance, last Friday. This was the first time that stamp corsages have been sold. They were a big success and more will be ordered for the coming dances.

READING & WRITING

BY Edwin Seaver AND Robin McKown

SOME of the books that make the best reading are those written by men who are not professional writers but who have an interesting story to tell of their own trade. An example is "Trouble-Shooter, The Story of a Northwoods Prosecutor," by Robert Traver.

ROBERT TRAVER

For almost ten years Mr. Traver has occupied the post of District Attorney in a logging and mining community on the Upper Peninsula of Michigan. In that time he has devoted himself to all the weird and wildly comic breaches of the law which the human imagination can produce.

Like the country doctor, the country prosecutor is a general handyman for his neighbors. The author's cases have ranged from church-social hairpulling to arson. Once a wild-eyed Finnish worker arrived at his house and announced that he was going to murder his wife, because she insisted on leaving him every Wednesday night to attend a double-feature movie with her father. Another time he walked into his office to discover an escaped lunatic, who was clutching a length of lead pipe, seated at his desk. The maniac announced to him calmly that he was the new Christ and that he had chosen Mr. Traver to be John the Baptist. On still another occasion, he lost an easy case because the opposing lawyer could spit tobacco!

Letters threatening his life he has learned to take as calmly as his morning coffee. On the other hand, some of his best friends are men who have served a prison sentence for which he was responsible. Time and time again, he has been called on as a sort of miracle worker who could solve all and sundry marital difficulties. This is the kind of life that makes you either love or hate your fellows. Mr. Traver loves them—and writes about them with both humor and understanding.

The Book-of-the-Month Club selection for May will be "The Fifth Seal," a novel by Mark Aldanov, a Russian. The book is described as a story of character in the tradition of Tolstoy and Turgenev. The scene is Paris in the 1930's.

Here's a thought for the day, culled from "Insect Invaders" by Anthony Standen. If Mr. and Mrs. House Fly get married in April, by August they may look forward to 191,010,000,000,000,000 descendants.

Richard Massock, author of "Italy From Within," heard this story before he left Rome: Said the Italian optimist: "I think we are going to lose this war." Replied the Italian pessimist: "Yes, but when?"

The congressman said today in a communication from Washington to Glenn R. Baker, his representative here, that there are several matters of importance pending in Congress about which he would like to get an expression of opinion from his constituents while he is here, if time permits. The food shortage, the need for farm labor, and various issues pertaining to the rationing program will be discussed by Anderson.

The congressman, a member of the House Naval Affairs committee, is a member of a sub-committee of that body, designated to tour the principal seaport cities of the nation to study various conditions having to do with Navy personnel. Among the important issues to be studied are vice conditions, and housing problems. In this area the housing feature will be given special consideration, Anderson said.

Anderson said he expects to arrive in California not later than April 10.

Block Mothers Asked To Call For Armbands

Official armbands to identify Daly City's Block Mothers have been secured through the local civilian defense council, Mrs. Adele Hanelt, organizer, announced today. All volunteers in this important service are asked to get their bands at the home of Mrs. Hanelt, 328 Winchester street, or at the home of Mrs. S. G. Bryant, 559 San Diego avenue. Window signs are now available too.

More block mothers are urgently needed and Mrs. Hanelt issued another plea for women to open their homes to children in the event of disaster. She explained that block mothers function only in the event of an air raid or similar catastrophe. Their main duty is to supply a place of refuge for neighborhood children whose parents may not be home or who are too far from their homes to reach them in time.

Two Jeff Groups In Triangular Meet

Track Coach Elman Rose of Jefferson high will take two contingents of track and field athletes to San Mateo, today and tomorrow, for triangular meets between Jefferson, San Mateo high, and Bellarmine high.

The Indians won over Commerce high here, Monday, 129-89 in the point totals of all four divisions. Stone Lantz, varsity hurdler, carried off high point honors with 20. He was closely followed by the following other Jeff trackers: Hopper, 110 class, who had 16 1/4 points; Al Chelone, 130 pound class, 15 1/4 points; Vince Barsi, 130 pound class, 14 1/4 points; Woodward, 120 pound class, 14 points; and Seimas, 110 pound class, 9 1/4 points.

In a four-way meet, Friday between Jefferson, Burlingame, San Mateo, and Palo Alto, Barsi placed first in both the low and high hurdles among the 130 pounders. Another outstanding mark by Jefferson's 130's was made as they won the 880 yard relay in 1 minute, 37.5 seconds, just one-tenth of a second slower than Jefferson varsity's all-time record. The relay team, in their running order, is as follows: John Melani, Vince Barsi, Ray Stumpf, and Al Chelone, anchorman.

The high school orchestra will open the series of activities by playing Mozart's "Serenade" and will play several other selections during the evening. Gloria Tooth is to present two piano solos.

Leaves Staff

Mrs. Lloyd E. Stone, popular member of the Daly City Record staff, has left her position here to be ready to join her husband, who was recently commissioned a lieutenant at Fort Benning, Georgia, if he should be stationed in the United States.

Mrs. Stone, the former Miss Genevieve Price, has been with the Record for several years and has many friends here. Before her marriage she made her home with her parents, Mr. and Mrs. John H. Price, 211 F street, Colma.

Organizational and social news handled by Mrs. Stone is now being taken care of by Mrs. A. H. Boynton.

LEGION MEETS

How to secure canes for the use of service men wounded in World War II will occupy the center of discussion at the business meeting of Daly City Post No. 410, American Legion, tonight, April

8, 8 p. m. at Legion hall.

Members of the post describe the situation as "pitiful" and will shortly launch a drive to secure an adequate number of canes for the wounded at Bay area hospitals. Details of the drive are to be announced later.

"Soldiers of Service"

In wartime, America turns to its telephones. The daily volume of calling is the greatest we have ever handled.

The men and women of our company want to see these calls go through with the greatest satisfaction to everyone. Especially do they want to give the fastest possible service to those who need speed to help win the war.

Since more switchboards and other telephone equipment are not being made due to military demands upon materials, the co-operation of our patrons is deeply appreciated.

War-busy centers should be called by Long Distance only when absolutely necessary.

The "Soldiers of Service" at the telephone switchboards, on poles, trucks, at desks or wherever duty finds them, will continue to do their level best to see that you get friendly, courteous and efficient service.

Advertising Aids Acme Sales Drive

"Newspaper advertising has again demonstrated its power to quickly change buying habits," stated Karl F. Schuster, president of Acme Breweries, yesterday, as his company was deluged with nationwide congratulations for being one of America's ten largest brewers. "When confronted with bottle cap rationing, we turned to newspaper advertising in the hope of converting people to the purchase of beer in quarts instead of previously-popular 11 ounce bottles. So successful was our newspaper campaign on Victory Quarts that 1942 was the biggest year in Acme history, with a 28.7 per cent increase over 1941. This was not only proof of the educational power of newspaper advertising but also of the patriotic manner in which the public responds to appeals for cooperation.

"With bottle caps rationed in order to conserve metals, and an unprecedented wartime demand for beer, it was necessary to show the public why it should buy in larger size bottles and make one cap do the work of three. It was a big job, needing both words and pictures for dramatic, forceful presentation, and newspapers seemed to us to be the logical medium. The sales figures fully justified our decision."

Only Western beer ever to place among "the big 20" in the national beer field, Acme was nineteenth in national sales figures in 1939, advanced to sixteenth place in 1940, again went ahead in 1941 to twelfth position, and with total sales of more than 26 millions gallons, attained tenth place in 1942, according to preliminary figures compiled by Research Company of America. One of the West's largest users of newspaper space, Acme's advertising is prepared by Brisacher, Davis and Van Norden.

SEA SCOUT SHIP 144 HAS NEW MEETING HALL

Skipper Frank Coughlin reports that Sea Scout Ship No. 144 has secured a new meeting place at 6266-68 Mission street, (formerly O'Keefe's Second Hand shop). All ship meetings are to be held there in the future. Over the weekend Bert Meritt, chairman of the Lions Club Sea Scout committee, Skipper Coughlin and Mate Coleman built a land ship and repaired the new headquarters. Crew members pitched in with some fine janitor work and, according to Coughlin, "everything's all set now."

By vote of the members, the name of the ship has been changed to "Sea Lion," to more closely identify it with the sponsoring organization, Daly City-Colma Lions club.

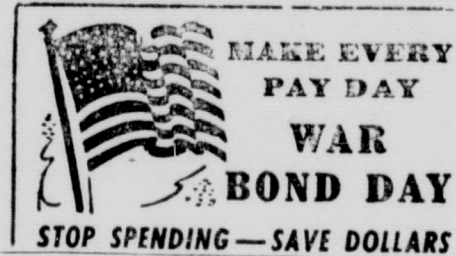

Sunday the boys hauled their boat up on the beach at Aquatic park and jacked it into position to begin the work of scraping and scrubbing. As soon as it dries out sufficiently, repairing, caulking and painting will begin. Oars have been procured by Dean Fields for the boys, and a mast is "in sight." Mate Coleman donated some rowlocks.

locks.

In another month the Sea Scouts Pilots License school will terminate and the "Sea Lion" hopes to have seven members receiving their licenses. Those attending the school include Joe Powers, Don Winters, Billy Nasano, Joe Moretti, Chairman Meritt and Skipper Coughlin.

Another new member to join the ship is Bob Meritt, a former scout.

Coughlin announced that the sea scouts would appreciate the loan of any unused furniture for their new meeting hall. Those desiring to give the sea scouts a hand in this matter may contact the skipper at Delaware 7929.

TELEPHONE COMPANY MAKES REPORT

W. R. Powley, president of the Pacific Telephone and Telegraph company, in a statement accompanying the dividend checks, mailed, last week, to common shareholders stated:

"While telephones in service continue to gain, it is becoming increasingly difficult to fill orders for new installations. Except where spare facilities are available, Government regulations in effect require that installations of new telephones may be made only for war and certain other essential purposes.

"Toll and long distance traffic continues to increase. Our intensive advertising program asking the public to refrain from placing unnecessary calls, particularly to war centers, is being continued.

"Our request for curtailment in long distance usage and the limitation on telephone installations are made necessary by the restriction of new telephone construction because it requires substantial amounts of materials, such as copper, aluminum, nickel, and tin, which are the critical materials vitally needed by our Nation to take us through to Victory and Peace."

Commenting on the company's earnings, Powley stated:

"While gross revenues are at high levels due to unprecedented volumes of traffic, expenses, prin-

cipally taxes and wages, the latter being 29 per cent over the corresponding quarter of last year, have pronouncedly increasing trends. Every effort is being made so to conduct the affairs of the company, notwithstanding the expenses beyond its control and its multiplicity of pressing wartime problems, as to make for its continued sound economic and financial administration."

A put up job for grapefruit

With fruits and juices rationed, it's going to be a put up job for grapefruit to be Home Canning Success Number One. Right now is the time to seal away the delicate flavor of this fruit while it is cheap and good. Why don't you try canning your grapefruit today, following the simple complete directions given below.

CANNED GRAPEFRUIT SEGMENTS

12 large firm grapefruit, ½ cups sugar weighing about 11 lbs. ½ cups water

a. Peel grapefruit with large sharp knife, cutting deep enough to remove the thin skin which separates the fruit flesh from the rind.

b. Section grapefruit over large bowl, to retrieve juice, by cutting carefully between dividing membranes and fruit segments. Lift out sections separately. Squeeze out as much juice as possible from remaining membranes, saving to add to segments in jars.

c. Pack grapefruit segments into hot sterilized jars to within about 1 inch of top.

d. Combine sugar and water in 1-qt. saucepan and bring to a boil, stirring until sugar is dissolved.

e. Add about ¼ cup of the syrup and ¼ cup of the grapefruit juice to each pint jar of fruit, so that liquid fills jar.

f. Seal jars and process in boiling water bath 10 minutes. For water bath: Fill container with water deep enough to cover tops of jars by 1 to 2 inches. Heat almost to boiling. Carefully lower hot and partially sealed jars into the hot water, placing them so that they do not touch each other. Cover container, heat to boiling and keep boiling vigorously for 10 minutes, counting time from minute when water begins to boil vigorously.

Note: When canning in altitude, increase processing time 10% for each 500 feet over 1,000 feet elevation for water bath canning. For half pints and pint jars, increase time only 5%.

g. Remove from water bath, and place hot jars on folded cloth or paper, out of draft, to cool. Store when cold. Makes about 5 pints. NOTE: For unsweetened segments, instead of making and adding syrup in steps d and e, add fruit juice to fill jar.

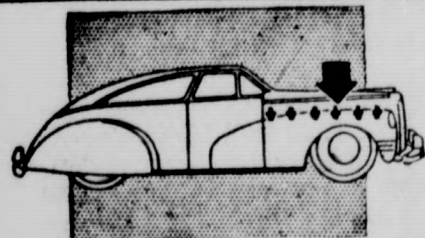

GO AHEAD WITH HOUSE CLEANING

No longer does house cleaning from attic to basement need to mean family upheavals or nervous breakdowns. For ideas on how to do it systematically and easily, read Julia Lee Wright's article in this week's Family Circle magazine. A new issue out every Tuesday and free at Safeway.

Now meat can again take its rightful place on the home front menu, providing health and strength for wartime effort.

Topnotch production cannot be achieved by workers who are sluggish and slow due to improper diets. These must be nutritionally adequate—an important factor to the war worker, as to the fighting service men.

We're indeed glad to be able, once more, to offer you a full selection of kinds and cuts of finest quality meats.
